

INDEX TO VOLUME 58

AUTHORS INDEX*

A

- ACOSTA-SISON, H., Statistical study of chorion-epithelioma in the Philippine General Hospital, 125
- ALBERT, A. (WITH WILSON, ROBERT B., AND RANDALL, LAWRENCE M.), Quantitative studies on the production, destruction, and elimination of chorionic gonadotropin in normal pregnancy, 960
- ALLAN, MALCOLM S., AND HERTIG, ARTHUR T., Carcinoma of the ovary, 640
- ALLEN, J. (WITH DIECKMANN, WM. J., SESKI, A. G., MCCARTNEY, C. P., SMITTER, R. C., POTTINGER, R. E., BRUNETTI, R., RYNKIEWICZ, L. M., AND REGESTER, R.), Etiology of eclampsia. I. Water balance, 1014
- ALLES, R. W. (WITH BAUSCH, R. G., AND KAUMP, D. H.), Observations on the decidual reaction of the cervix during pregnancy, 777
- ANDERSON, EUGENE G., LUPSE, RAYMOND S., AND RAPPOPORT, ARTHUR E., Papillary clear cell adenocarcinoma of the ovary, 537
- ANDERSON, GEORGE W., AND BUSBY, TRENT, Sick cell anemia and pregnancy, 75
- ANDREWS, MASON C. (WITH GUILBEAU, JOSEPH A., JR., AND SCHAUB, ISABELLE G.), Penicillin therapy in the obstetrical patient, 101
- ARMSTRONG, DOROTHY (WITH YOUNGE, PAUL A., AND HERTIG, ARTHUR T.), A study of 135 cases of carcinoma in situ of the cervix at the Free Hospital for Women (Brookline, Mass.), 867
- ASSALI, N. S., KISTNER, R. W., AND GARBER, S. T., The effect of veratrum viride on the urine volume, blood pressure and pulse rate in normal and toxemic pregnancy, 90
- ATKINS, H. T., Premature rupture of the membranes, 565
- AUER, EUGENE S., AND SIMMONS, JACK M., JR., The floating fetal head in the primipara at term, 291
- AYRE, J. ERNEST, The vaginal smear, "pre-cancer" cell studies using a modified technique, 1205

B

- BABA, GEORGE (WITH SCHMITZ, HERBERT E., AND TOWNE, JANET E.), Saddle block anesthesia, 30
- BANKS, A. LAWRENCE (WITH RUTHERFORD, ROBERT N., AND LAMBORN, HOWARD M.), Surgical treatment of sterility, 673
- BARNARD, ROBERT D., Electronegativity of the cancerous cervix, 411 (Cor.)
- BARNES, ALLAN C., The relationship between the hemorrhagic blood dyscrasias and hypermenorrhea, 570
- (WITH HAPKE, FRED B.), The obstetric use and effect on fetal respiration of Nisentil, 799
- BATTLE, MARGARET, Effect of birth on mentality, 110
- BAUSCH, R. C., KAUMP, D. H., AND ALLES, R. W., Observations on the decidual reaction of the cervix during pregnancy, 777

- BECK, ISABEL (WITH GLASSMAN, OSCAR), New tubal insufflator with automatic volume and pressure control, 815
- BECKETTE, EDMUND S. (WITH HESSELTINE, H. CLOSE), The specific treatment of vaginal mycosis, 553
- BICKERS, WILLIAM, AND WOODS, MARIBELLE, Uterine muscle physiology from laboratory to bedside, a treacherous crossing, 1099
- BLINICK, GEORGE, STEINBERG, PHILIP, AND MERENDINO, J. V., Effect of sulfonamide cream on the bacterial flora of the infected vagina and cervix, 176
- BONIME, RALPH G., Application of the vaginal smear to the diagnosis of pregnancy, 524
- BOYSEN, HARRY, AND MCRAE, LOUIS A., Tubal sterilization through the vagina, 488
- BRACK, C. BERNARD (WITH EVERETT, HOUSTON S., AND FARBER, GEORGE J.), Further studies on the effect of irradiation therapy for carcinoma of the cervix upon the urinary tract, 908
- BRADBURY, J. T. (WITH BROWN, WILLIS E., AND JENNINGS, AGNES F.), The absorption of radiopaque substances used in hysterosalpingography, 1041
- (WITH KRAUSHAAR, OTTO F., AND BROWN, WILLIS E.), The vaginal smear in population screening for uterine carcinoma, 447
- BRADFORD, WALLACE B. (WITH BRADFORD, W. Z., AND WOLTZ, JOHN H. E.), Prolonged labor, 1093
- BRADFORD, W. Z., WOLTZ, JOHN H. E., AND BRADFORD, WALLACE B., Prolonged labor, 1093
- BROWN, WILLIS E. (WITH KRAUSHAAR, OTTO F., AND BRADBURY, JAMES T.), The vaginal smear in population screening for uterine carcinoma, 447
- , JENNINGS, AGNES F., AND BRADBURY, J. T., The absorption of radiopaque substances used in hysterosalpingography, 1041
- BRUNETTI, R. (WITH DIECKMANN, WM. J., SESKI, A. G., MCCARTNEY, C. P., SMITTER, R. C., POTTINGER, R. E., RYNKIEWICZ, L. M., ALLEN, J., AND REGESTER, R.), Etiology of eclampsia. I. Water balance, 1014
- BYRANS, CHARLES I., JR., AND TORPIN, RICHARD, A follow-up study of two hundred forty-three cases of eclampsia for an average of twelve years, 1054
- BURKE, JACOB B. (WITH GOLDBERGER, MORRIS A., AND LANDESMAN, ROBERT), Furfuryl trimethyl ammonium iodide (FTAI) for postoperative urinary retention, 376
- BUSBY, TRENT (WITH ANDERSON, GEORGE W.), Sick cell anemia and pregnancy, 75
- BUXTON, C. L. (WITH LEVIN, LOUIS, AND ENGLE, E. T.), On the validity of the hyperemia method for determining ovulation time in women, 795

C

- CHESLEY, LEON C., AND MCFAUL, IRENE E., Studies on surviving human placental tissue. I. A search for pressor and antidiuretic factors, 159

SUBJECT INDEX*

A

- Ablatio placentae, report on 80 cases of (Baens and Tancinco-Yambao), 824 (Abst.)
- Abortion, diethylstilbestrol dosage in threatened and habitual (Karnaky), 622 (Cor.)
 - progesterone in threatened, observations on use of (Guterman and Tulskey), 495
- Abortive ova, potentially, recovered from fertile women prior to first missed menstrual period, a series of (Hertig and Rock), 968
- Abstracts, cancer, malignancies, 190
 - cesarean section, 1220
 - endocrinology, 191
 - endometriosis, 192, 1221
 - extrauterine pregnancy, 1221
 - gynecologic operations, 193, 821
 - gynecology, 820, 1221
 - labor, management, complications, 195, 822
 - menopause, 822
 - menstruation, dysmenorrhea, 195, 1222
 - miscellaneous, 196, 823, 1053, 1072, 1083, 1092, 1108, 1119, 1185, 1200, 1204, 1219
 - newborn, 197, 1032, 1225
 - placenta, 824
 - pregnancy, complications, 199, 1034, 1225
 - physiology, 824, 1226
 - puerperium, 1227
 - radiation, 199
 - sterility, fertility, contraceptives, 200, 1034
 - tubal insufflation, 201
 - vaginal infections, 201
- Actinomycosis of ovaries and Fallopian tubes (Paalman et al.), 419
- Adenocarcinoma of endometrium, association of estrogenic administration and (Stokes), 190 (Abst.)
 - of ovary, papillary clear cell (Anderson et al.), 537
- Adenosis, diffuse, a rare invasive lesion of the uterus (Neidhardt and Downs), 703
- Adnexal cysts, pregnancy and (Haas), 283
- Allergic reaction of hyaluronidase in treatment of sterility (Crip and Tafel), 188
- Ambulation in obstetrics and gynecology, early (de Soldenhoff), 1224 (Abst.)
- Amenorrhea among prisoners (Vignes), 195 (Abst.)
 - and metrorrhagia, induced menstruation for (Gray), 1169
 - hormonal and radiation therapy in secondary, evaluation of (Finkler), 559
- American Board of Obstetrics and Gynecology, 203, 624, 1040 (Items)
- Congress on Obstetrics and Gynecology, transactions of third, 604 (B. rev.)
- Gynecological Society, 72nd annual meeting, May 16-18, 1949, transactions of, 833, 1120
- obstetrical and gynecological societies, roster of, 204, 830
- Amniotic fluid, pulmonary emboli of, fatal obstetric shock from (Steiner et al.), 802
 - puncture and amniography (Portes and Granjon), 1034 (Abst.)
- Analgesia and anesthesia, obstetric, effects upon labor and child (Snyder), 605 (B. rev.)
 - obstetric, continuous caudal (Kelley), 1079
 - newer drugs used for, comparative studies of (Smith and Nagyfy), 695

- Anemia, sickle cell, pregnancy with (Fouché and Switzer), 468
- Anesthesia, continuous spinal, in treatment of severe pre-eclampsia and eclampsia (McElrath et al.), 1084
 - local, as agent for relief of pain in vaginal delivery, a critical analysis of (Taylor and Jack), 275
- Pentothal sodium, for cesarean sections (Gustafson and Gardiner), 246
 - principles and practice, for nursing profession (Hunt), 606 (B. rev.)
- saddle block (Schmitz et al.), 30
- Anovulatory menstruation in etiology of sterility (Uriegas an Guerrero), 195 (Abst.)
 - patient, production of ovulation in (Bushnell), 196 (Abst.)
- Antidiuretic action of morphine, comments on (de Bodo), 825 (Cor.)
- Antihistaminic drug, effect of, on blood pressure and urine in pregnant women (Hoffman), 385
- Apparatus, an aid to removal of Gellhorn pessary (Deeds), 599
 - self-retaining trigger cannula and traction tenaculum for modern tubal insufflation and uterosalpingography (Kahn), 810
 - stirrup attachment for operating tables, suggestion for improvement of (Waddell), 818
 - tubal insufflator, new, with automatic volume and pressure control (Glassman and Beck), 815
- Artificial insemination in woman (Chastrousse), 200 (Abst.)

B

- Bacterial flora of infected vagina and cervix, effect of sulfonamide cream on (Blinick et al.), 176
- Bilateral ovarian wedge resection in 47 cases of sterility, results of (Stein et al.), 267
- Birth, effect of, on mentality (Battle), 110
 - injury, cerebral diplegia following (Norman), 1225 (Abst.)
- Bladder and urethra, female, before and after correction for stress incontinence (Marchetti), 1145
- Blood pressure and urine in pregnant women, effect of treatment with an antihistaminic drug on (Hoffman), 385
 - studies in normal pregnancy (Hamilton and Higgins), 345
 - transfusion (DeGowin et al.), 614 (B. rev.)
- Books, review of new, 600
- Breast, postpartum, effect of synthetic estrogenic substances on (Dunlap and Diddle), 1228 (Abst.)
 - radical mastectomy of, for cancer, pregnancy subsequent to (Steffen and Grace), 180
- Breech presentation, attitude of fetus in (Wilcox), 478

C

- Cancer, cytologic test in early diagnosis of, evaluation of (Skapier), 366
 - detection examination of cervix, what constitutes an adequate (Novak), 851
 - malignancies, 190 (Absts.)
 - of cervix uteri, preinvasive, specific malignant cells exfoliated from (Nieburgs and Pund), 532

*July, pp. 1-206; August, pp. 207-418; September, pp. 419-624; October, pp. 625-832; November, pp. 833-1040; December, pp. 1041-1246.

- Cancer—Cont'd
 of corpus uteri, statistical study of (Palmer et al.), 457
 of uterus, control of (MacFarlane et al.), 1219 (Abst.)
 ovarian, surgical treatment of, end results in (Diddle), 790
 radical mastectomy of breast for, pregnancy subsequent to (Steffen and Grace), 180
- Cancerous cervix, electronegativity of (Barnard), 411 (Cor.)
- Carcinoma, cervical, excessive estrogens and (Greene and Suckow), 401
 decidualis of cervix and vagina simulating (Lapan), 743
 fundal, uterine fibroids and (Vergara), 190 (Abst.)
 in situ of cervix, study of 135 cases, at Free Hospital for Women, Brookline, Mass. (Younge et al.), 867
 of uterine cervix (Piper), 587
 of cervix and body of uterus, lymphatic spread of (Henriksen), 924
 experimental therapy of, results of (McKelvey et al.), 896
 irradiation therapy for, effect of, on urinary tract, further studies on (Everett et al.), 908
 of Fallopian tube, primary (Stern and Hanley), 517
 of ovary (Allan and Hertig), 640
 ovarian, review of 200 primary and 51 secondary cases (Munnell and Taylor), 943
 uterine fundus, occurrence of, after prolonged estrogen therapy (Vass), 748
 vaginal smear in population screening for (Kraushaar et al.), 447
- Caudal analgesia, continuous, in obstetrics (Kelley), 1079
- Central Association of Obstetricians and Gynecologists, 16th annual meeting, September 23-25, 1948, transactions of, 207
- Cerebral diplegia following birth injury (Norman), 1225 (Abst.)
- Cervical carcinoma, excessive estrogens and (Greene and Suckow), 401
 stump, mucocele of (Frank), 1036 (Cor.)
- Cervicitis (Usandizaga), 601 (B. rev.)
- Cervix and vagina, decidualis of, simulating carcinoma (Lapan), 743
 cancer detection examination of, what constitutes an adequate (Novak), 851
 cancerous, electronegativity of (Barnard), 411 (Cor.)
 carcinoma in situ of, study of 135 cases, at Free Hospital for Women, Brookline, Mass. (Younge et al.), 867
 and of body of uterus, lymphatic spread of (Henriksen), 924
 experimental therapy of, results of (McKelvey et al.), 896
 irradiation therapy for, effect of, upon urinary tract, further studies on (Everett et al.), 908
 cylindroma of, with procidentia (Paalman and Counsellor), 184
 decidual reaction of, during pregnancy, observations on (Bausch et al.), 777
 inflammations of (Durel), 600 (B. rev.)
 uteri, preinvasive cancer of, specific malignant cells exfoliated from (Nieburgs and Pund), 532
 vaginal portion of, primary endometriosis of (Siddall and Mack), 765
- Cesarean section, 1220 (Abst.)
 extraperitoneal, experience with, at University of Iowa Hospitals (Keettel and Randall), 510
 fetal mortality and morbidity (Pedvis et al.), 1220 (Abst.)
 operation, trends in use of (D'Esopo), 1120
 Pentothal sodium anesthesia for (Gustafson and Gardiner), 246
- Cesarean section—Cont'd
 ten-year study of, in Rochester and Monroe County, 1937-1946 (Quigley), 41
- Child health services and pediatric education, 610 (B. rev.)
- Childbearing in twilight reproductive period (Davis and Seski), 824 (Abst.)
 mental disorders associated with, electric convulsive therapy in (Boyd and Brown), 1227 (Abst.)
- Childbirth, pain in, control of (Lull and Hingson), 606 (B. rev.)
- Child's mind and body, your (Dunbar), 611 (B. rev.)
- Chorionepithelioma, postpartum eclampsia and, hydatidiform mole followed by, with recovery (Mueller and Lapp), 133
 statistical study of, in Philippine General Hospital (Acosta-Sison), 125
- Chorionic gonadotropin, production, destruction, and elimination of, in normal pregnancy, quantitative studies on (Wilson et al.), 960
- Colpocytology in hyperemesis gravidarum (Ledesma), 1034 (Abst.)
- Congenital abnormalities arising from maternal rubella, report of survey of (Patrick), 198 (Abst.)
 alveolar dysplasia of lungs (MacMahon), 1033 (Abst.)
 anomalies, maternal measles, mumps, and chickenpox as cause of (Fox et al.), 1032 (Abst.)
- Corpus uteri, cancer of, statistical study of (Palmer et al.), 457
- Correspondence, 411, 622, 825, 1036, 1229
- "Crush" syndrome in obstetrics and gynecology (Paxson and Golub), 544
- Cylindroma of cervix with procidentia (Paalman and Counsellor), 184
- Cystocele, vaginal operation for (Shaw), 1220 (Abst.)
- Cytologic test in early diagnosis of cancer, evaluation of (Skapier), 366

D

- Decidual reaction of cervix during pregnancy, observations on (Bausch et al.), 777
- Deciduosis of cervix and vagina simulating carcinoma (Lapan), 743
- Delivery, breech, attitude of fetus in (Wilcox), 478
 of patients with placenta previa, fetal mortality associated with method of (Dill et al.), 738
 placenta accreta complicated by hemoperitoneum (Pettit and Mitchell), 1201
 vaginal, pain in, local anesthesia as an agent for relief of, a critical analysis of (Taylor and Jack), 275
 spinal analgesia for, prevention of headache after, by use of hydration and a 24 gauge needle (Greene et al.), 709
- Descensus uteri for relief of tension in difficult genital fistula (Williams), 1066
- Developmental pathology: a new field in medicine (Gruenwald), 1
- Dexedrine and weight control in pregnancy (Coopersmith), 664
- Diabetes and treatment (Barach), 618 (B. rev.)
- Diethylstilbestrol dosage in threatened and habitual abortion and premature labor (Karnaky), 622 (Cor.)
 effect of, in prolongation of pregnancy (Karnaky), 596
 influence of, on progress and outcome of pregnancy as based on comparison of treated with untreated primigravidas (Smith and Smith), 994
- Diffuse adenosis, a rare invasive lesion of the uterus (Neidhardt and Downs), 703
- Drugs used for obstetrical analgesia, comparative studies of newer, report on (Smith and Nagyfy), 695
- Dysgerminoma ovarii, fertility and (Ball and Javert), 1222 (Abst.)

E

- Eclampsia, etiology of: water balance (Dieckmann et al.), 1014
 follow-up study of 243 cases for an average of twelve years (Bryans and Torpin), 1054
 postpartum, and chorionepithelioma, hydatidiform mole followed by, with recovery (Mueller and Lapp), 133
 severe, continuous spinal anesthesia in treatment of (McElrath et al.), 1084
 Education for professional responsibility, 621 (B. rev.)
 Electronegativity of cancerous cervix (Barnard), 411 (Cor.)
 Embryology and morphology, human (Keith), 616 (B. rev.)
 Endocervix during menstrual cycle, histologic appearance of (Topkins), 654
 Endocrinology, 191 (Abst.); 611 (B. revs.)
 clinical, for practitioners and students (Martin and Hynes), 613 (B. rev.)
 gynecologic, essentials of (Riley), 613 (B. rev.)
 Endometriosis, 192, 1221 (Absts.)
 in gynecology, status of (Brocq), 192 (Abst.)
 primary, of vaginal portion of cervix uteri (Siddall and Mack), 765
 surgical significance and critical analysis (Kelly and Schlademan), 1221 (Abst.)
 treatment of, evaluation of (Burnside), 193 (Abst.)
 Endosalpingiosis, tubal endometriosis (Gori), 192 (Abst.)
 Engaged couple has a right to know (Weisman), 620 (B. rev.)
 Erythroblastosis, antenatal selection of donors for exchange transfusion in (Wiener and Wexler), 197 (Abst.)
 fetalis in newborn, maternal isoimmunization without evidence of clinical (Donahue and Fremes), 1119 (Abst.)
 Estrogen, experimental alteration of human ovarian cycle by (Brown et al.), 1223 (Abst.)
 therapy, prolonged, occurrence of uterine fundus carcinoma after (Vass), 748
 Estrogenic administration and adenocarcinoma of endometrium, association of (Stokes), 190 (Abst.)
 preparations, effects of various (Vogel et al.), 147
 Estrogens, diuretic effects of, in last four months of pregnancy (Black), 1223 (Abst.)
 excessive, and cervical carcinoma (Greene and Suckow), 401
 in differential diagnosis of metrorrhagias, use of (Nunez), 191 (Abst.)
 influence of equivalent amounts of several, on vaginal mucosa of nonmenstruating women (Vogel et al.), 147
 nausea and vomiting induced by synthetic; treatment with antihistaminic compounds (Finch), 591
 withdrawal bleeding following oral (Harding), 806
 Etiology of eclampsia: water balance (Dieckmann et al.), 1014
 Extragenital pelvic pathology in sterility (Murray), 200 (Abst.)
 tumors in women (Lovelady and Dockerty), 215
 Extraperitoneal cesarean section, experience with, at University of Iowa Hospitals (Keettel and Randall), 510
 Extrauterine pregnancy, 1221 (Absts.)

F

- Fallopian tube, primary carcinoma of (Stern and Hanley), 517
 sarcoma of, clinical case report (Cabrera and Guzman), 190 (Abst.)
 tubes and ovaries, actinomycosis of (Paalman et al.), 419
 reconstructive surgery of, employing a canula (D'Ingianni), 821 (Abst.)
 Fatty acid therapy of pruritus vulvae (Davids and Kurtin), 397

- Fertility and dysgerminoma ovarii (Ball and Javert), 1222 (Abst.)
 Fetal and neonatal death (Potter and Adair), 609 (B. rev.)
 back in atypical occiput posterior positions, role of (Smith), 583
 death or defect from maternal infections, 1032 (Abst.)
 head, floating, in primipara at term (Auer and Simmons), 291
 heart rate and posterior pituitary extracts by intravenous drip (Lubin), 823 (Cor.)
 mortality and morbidity in cesarean section (Pedvis et al.), 1220 (Abst.)
 associated with method of delivery of patients with placenta previa (Dill et al.), 738
 respiration, effect of Nisentil on (Hapke and Barnes), 799
 thyroid, collection of radioactive iodine by (Chapman et al.), 1225 (Abst.)
 Fetus in breech presentation, attitude of (Wilcox), 478
 transverse or oblique, presentation of, in last ten weeks of pregnancy; causes, general nature, and treatment (Stevenson), 432
 Fibromas, thecomas, and granulosa-cell tumors of ovary, histochemical observations on (McKay et al.), 625
 Fibromyomas of uterus, conservative operations for (Ahltorp), 193 (Abst.)
 Fistula, genital, the difficult; temporary descensus uteri for relief of tension (Williams), 1066
 Follicular cells of Graafian follicle, presence of ascorbic acid in, in later phase of development (Van Ravesteijn), 196 (Abst.)
 Free-feeding pregnant women (King), 299
 Furfuryl trimethyl ammonium iodide (FTAI) for postoperative urinary retention (Goldberger et al.), 376

G

- Gellhorn pessary, removal of, an aid to (Deeds), 599
 Genital fistula, the difficult; temporary descensus uteri for relief of tension (Williams), 1066
 tract infections, refractive, intrapelvic injection of penicillin in (Fernandez-Ruiz), 1065 (Abst.)
 Gonadotropins, experimental production of menorrhagia by administration of (Holstrom and Jones), 308
 Granulosa-cell tumors, thecomas, and fibromas of ovary, histochemical observations on (McKay et al.), 625
 Gynecologic care, simplified (Mengert and Hermes), 1109
 celioscopy, instrumentation and technic of (Palmer), 194 (Abst.)
 endocrinology, essentials of (Riley), 613 (B. rev.)
 operations, 193, 821 (Absts.)
 surgery, conservative, an illustration of (San Martin), 822 (Abst.)
 Gynecology, 600 (B. revs.); 820, 1221 (Absts.)
 actinomycosis of ovaries and Fallopian tubes (Paalman et al.), 419
 adenocarcinoma of ovary, papillary clear cell (Anderson et al.), 537
 ambulation, early, in (de Soldenhoff), 1224 (Abst.)
 amenorrhea among prisoners (Vignes), 195 (Abst.)
 and metrorrhagia, induced menstruation for (Gray), 1169
 cancer detection examination of cervix, what constitutes an adequate (Novak), 851
 of corpus uteri, statistical study of (Palmer et al.), 457
 of uterus, control of (MacFarlane et al.), 1219 (Abst.)
 ovarian, surgical treatment of, end results in (Diddle), 790

Gynecology—Cont'd

- carcinoma, in situ of cervix, study of 135 cases of, at Free Hospital for Women, Brookline, Mass. (Younge et al.), 867
- of uterine cervix (Piper), 587
- of cervix, experimental therapy of, results of (McKelvey et al.), 896
- irradiation therapy for, effect of, upon urinary tract, further studies on (Everett et al.), 908
- of Fallopian tube, primary (Stern and Hanley), 517
- of ovary (Allan and Hertig), 640
- uterine fundus, occurrence of, after prolonged estrogen therapy (Vass), 748
- cervicitis (Usandizaga), 601 (B. rev.)
- chorionepithelioma, statistical study of, in Philippine General Hospital (Acostasison), 125
- "crush" syndrome in (Paxson and Golub), 544
- cylindroma of cervix with procidentia (Paalman and Counsellor), 184
- cytologic test in early diagnosis of cancer, evaluation of (Skapier), 366
- deciduous of cervix and vagina simulating carcinoma (Lapan), 743
- endometriosis in, status of (Brocq), 192 (Abst.)
- primary, in vaginal portion of cervix uteri (Siddall and Mack), 765
- estrogens, excessive, and cervical carcinoma (Greene and Suckow), 401
- extragenital pelvic tumors in women (Lovell and Dockerty), 215
- Gellhorn pessary, aid to removal of (Deeds), 599
- genital fistula, the difficult; temporary descensus uteri for relief of tension (Williams), 1066
- hemorrhagic blood dyscrasias and hypermenorrhea, relationship between (Barnes), 570
- hormones, physiology, chemistry and application (Pincus and Thimann), 611 (B. rev.)
- hyperemia method for determining ovulation time in women, validity of (Levin et al.), 795
- hysterectomy, vaginal, for procidentia, new method of dovetail approximation of ligaments in (Stuckert and Herron), 392
- hysterosalpingography, absorption of radiopaque substances used in (Brown et al.), 1041
- inflammations of the cervix (Durel), 600 (B. rev.)
- ligation of vena cava and ovarian vessels (Collins et al.), 1155
- menopause, treatment of (Perloff), 684
- menorrhagia, experimental production of, by administration of gonadotropins (Holmstrom and Jones), 308
- menstrual cycle, endocervix during, histologic appearance of (Topkins), 654
- menstruation, disorders of, and treatment (Colombo), 600 (B. rev.)
- induced, for metrorrhagia and amenorrhea (Gray), 1169
- mesonephroma ovarii (Bettinger and Jacobs), 820 (Abst.)
- metrorrhagia and amenorrhea, induced menstruation for (Gray), 1169
- myomas during and after menopause (Zeit), 153
- myxoma of vulva, giant (Bianco), 821 (Abst.)
- ovarian carcinoma, review of 200 primary and 51 secondary (Munnell and Taylor), 943
- neoplasms in children (Schaefer and Veprovsky), 718
- panhysterectomy, radical, and radical pelvic lymphadenectomy (Thomas), 194 (Abst.)
- parametritis, chronic, clinical significance of (Fluhmann), 820 (Abst.)
- pelvic allergy (Macpherson), 1224 (Abst.)

Gynecology—Cont'd

- penicillin, intrapelvic injection of, in refractive genital tract infections (Fernandez-Ruiz), 1065 (Abst.)
- postoperative urinary retention, furfuryl trimethyl ammonium iodide (F.T.A.I.) for (Goldberger et al.), 376
- preinvasive cancer of cervix uteri, malignant cells exfoliated from (Nieburas and Pund), 532
- prolapse of uterus, increased incidence of, as probable effect of war (Bayan), 821 (Abst.)
- pruritus vulvae, fatty acid therapy of (Davids and Kurtin), 397
- pyometra, clinical and pathologic study (DeVoe and Randall), 784
- sterility, bilateral ovarian wedge resection in 47 cases of, results of (Stein et al.), 267
- functional, and secondary amenorrhea, hormonal and radiation therapy in, evaluation of (Finkler), 559
- studies in private practice (King and Herring), 258
- surgical treatment of (Rutherford et al.), 673
- stress incontinence, etiology of (Muellner), 1221 (Abst.)
- female bladder and urethra before and after correction for (Marchetti), 1145
- surgical treatment of sterility (Rutherford et al.), 673
- sweat gland tumors of the vulva (Danforth), 326
- tubal factor in sterility, surgical management of (Weinstein), 1034 (Abst.)
- insufflation and uterosalpingography, self-retaining trigger cannula and traction tenaculum for modern (Kahn), 810
- sterilization through the vagina (Boysen and McRae), 488
- tumors, granulosa-cell, thecomas, and fibromas of ovary, histochemical observations on (McKay et al.), 625
- ulcers of vulva, acute (Bassan and Borches), 820 (Abst.)
- uterine bleeding, effect of pitressin tannate in oil upon (Benson), 196 (Abst.)
- culture technique (Guilbeau and Schaub), 407
- muscle physiology from laboratory to bedside, a treacherous crossing (Bickers and Woods), 1099
- myomas, histogenesis of (Schwarz and Wissner), 1133
- uterotubal insufflation with penicillin and streptomycin aerosols (Salvin), 1204 (Abst.)
- vaginal mycosis, specific treatment of (Hesseltine and Beckette), 553
- operations for cystocele, prolapse of uterus, and stress incontinence (Shaw), 121 (Abst.)
- smear in population screening for uterine carcinoma (Kraushaar et al.), 447
- "precancer" cell modified technique (Ayre), 1205
- value of (Graham and Meigs), 843
- vesicovaginal fistula of tubercular origin (Borjas and Rodriguez-Diaz), 820 (Abst.)
- withdrawal bleeding following oral estrogens (Harding), 806

H

- Headache after spinal analgesia for vaginal delivery, prevention of, by use of hydration and a 24 gauge needle (Greene et al.), 709
- Hematopoietic system, effect of stilbestrol on, in the human subject (Karnaky), 404
- Hemoperitoneum, placenta accreta complicated by (Pettit and Mitchell), 1201
- Hemorrhagic blood dyscrasias and hypermenorrhea, relationship between (Barnes), 570

- Heterospecific blood group pregnancy in hemolytic disease of newborn (Grundorfer), 574
- Hexestrol and pregnenolone, oral, withdrawal bleeding following (Harding), 806
- Histogenesis of uterine myomas (Schwarz and Wissner), 1133
- Hormonal assays in hydatidiform mole (Gitman et al.), 171
- Hormones, physiology, chemistry and applications (Pincus and Thimann), 611 (B. rev.)
- Hyaluronidase in treatment of human sterility (Crip and Tafel), 188
- Hydatidiform mole followed by postpartum eclampsia and chorionepithelioma, with recovery (Mueller and Lapp), 133
- hormonal assays in (Gitman et al.), 171
- Hyperemesis gravidarum, colpocytology in (Ledema), 1034 (Abst.)
- Hyperemia method for determining ovulation time in women, validity of (Levin et al.), 795
- Hypermenorrhea, hemorrhagic blood dyscrasias and, relationship between (Barnes), 570
- Hypertension and intracranial hemorrhage, pregnancy associated with (Goodfriend et al.), 770
- Hyperthyroidism complicating pregnancy, thiouracil in treatment of; its effect on human fetal thyroid (Whitelaw), 199 (Abst.)
- Hypophyseal-diencephalic system, studies on function of, and of ovaries by means of radioactive phosphorus (Borell et al.), 199 (Abst.)
- Hysterectomy, vaginal, for procidentia, new method of dovetail approximation of ligaments in (Stuckert and Herron), 392
- Hystero-graphy, external, importance of, in study of uterine activity (Abbas), 195 (Abst.)
- Hysterosalpingography, injuries caused by radiopaque substances used in, absorption of (Brown et al.), 1041

I

- Incontinence, stress, etiology of (Muellner), 1221 (Abst.)
- female bladder and urethra before and after correction for (Marchetti), 1145
- vaginal operation for (Shaw), 1220 (Abst.)
- Infertility and the stability of marriage (Popenoe), 1035 (Abst.)
- Insemination, artificial, in woman (Chastresse), 200 (Abst.)
- International and Fourth American Congress on Obstetrics and Gynecology, 203 (Item)
- Congress on Obstetrics and Gynecology, 624 (Item)
- Intrauterine suffocation of newborn (Derobert), 1053 (Abst.)
- Irradiation therapy for carcinoma of cervix, effect of, upon urinary tract, further studies on (Everett et al.), 908
- Items, 203, 415, 624, 1040, 1228

L

- Labor, management, complications, 195, 822 (Absts.)
- premature, diethylstilbestrol dosage in (Karnaky), 622 (Cor.)
- prolonged (Bradford et al.), 1093
- treatise on (Torpin), 601 (B. rev.)
- urinary bladder during (Kantor et al.), 354
- Ligation of umbilical cord, late (Rucker), 1117
- of vena cava and ovarian vessels (Collins et al.), 1155
- Lymphatic spread of carcinoma of cervix and of body of uterus, study of 420 necropsies (Henriksen), 924

M

- Malignant cells exfoliated from preinvasive cancer of cervix uteri (Nieburgs and Pund), 532
- Marriage, stability of, infertility and (Popenoe), 1035 (Abst.)
- sterile, semen analysis in (Robertson), 1035 (Abst.)
- successful (Fishbein), 619 (B. rev.)
- Maternal isoimmunization without evidence of clinical erythroblastosis fetalis in newborn (Donahue and Fremes), 1119 (Abst.)
- rubella, congenital abnormalities arising from, report of a survey of (Patrick), 198 (Abst.)
- Maternity in Great Britain, 602 (B. rev.)
- Medical practice, pharmacologic principles of (Krantz and Carr), 618 (B. rev.)
- Menopausal syndrome, vitamin E in (Ferguson), 823 (Abst.)
- Menopause, 822 (Absts.)
- myomas during and after (Zeit), 153
- treatment of (Perloff), 684
- Menorrhagia, experimental production of, by administration of gonadotropins (Holmstrom and Jones), 308
- Menstrual cycle, endocervix during, histologic appearance of (Topkins), 654
- Menstruation and dysmenorrhea, 195, 1222 (Absts.)
- basal body temperature during, hormonal factors involved in regulation of (Buxton and Atkinson), 1223 (Abst.)
- disorders of, and treatment (Colombo), 600 (B. rev.)
- induced, for metrorrhagia and amenorrhea (Gray), 1169
- Mental disorders associated with childbearing, electric convulsive therapy in (Boyd and Brown), 1227 (Abst.)
- Mentality, effect of birth on (Battle), 110
- Mesonephroma ovarii (Bettinger and Jacobs), 820 (Abst.)
- Metrorrhagia and amenorrhea, induced menstruation for (Gray), 1169
- estrogens in differential diagnosis of (Nunez), 191 (Abst.)
- Morphine, antidiuretic action of, comments on (de Bodo), 825 (Cor.)
- Motherhood, safeguarding (DeLee), 607 (B. rev.)
- Mucocoele of cervical stump (Frank), 1036 (Cor.)
- Multiple pregnancies at Chicago Lying-in Hospital, 1941-1947 (Potter and Fuller), 139
- Mycotic vulvovaginitis (Branscomb), 202 (Abst.)
- Myiasis of vulva (da Silva Pereira), 201 (Abst.)
- Myoma, submucous, in term pregnancy (Gainey and Keeler), 727
- Myomas during and after the menopause (Zeit), 153
- Myomectomy, conservative (Ahltorp), 193 (Abst.)
- Myxoma of vulva, giant (Bianco), 821 (Abst.)

N

- Nausea and vomiting induced by pregnancy or administration of synthetic estrogens; treatment with antihistaminic compounds (Finch), 591
- Necrology, Frank, Robert Tilden, 1039
- Neomycin, a new antibiotic active against streptomycin-resistant bacteria (Waksman and Lechevalier), 1224 (Abst.)
- Neoplasms, ovarian, in children (Schaefer and Veprovsky), 718
- Neurofibroma, presacral, pregnancy complicated by (DeVoe), 1200 (Abst.)
- Newborn, 197, 1032, 1225 (Absts.)
- birth injury, cerebral diplegia following (Norman), 1225 (Abst.)
- bronchial obstruction of, intrauterine suffocation (Derobert), 1053 (Abst.)

Newborn—Cont'd

- congenital alveolar dysplasia of lungs (MacMahon), 1033 (Abst.)
- anomalies, maternal measles, mumps, and chickenpox as cause of (Fox et al.), 1032 (Abst.)
- erythroblastosis fetalis in, maternal isoimmunization without evidence of clinical (Donahue and Fremes), 1119 (Abst.)
- fetal death or defect from maternal infections, 1032 (Abst.)
- hemolytic disease of, exchange transfusion in (Molkison and Cutbush), 1185 (Abst.)
- heterospecific blood group pregnancy in (Grundorfer), 574
- Negro infants, sickle cells in, significance of the paucity of (Watson), 193 (Abst.)
- problems of survival (Ellis), 1033 (Abst.)
- suckling in premature infants, practical method to encourage (Rouques), 1053 (Abst.)
- Nisentil, obstetric use of, and effect on fetal respiration (Hapke and Barnes), 799

O

- Obstetric analgesia and anesthesia (Snyder), 605 (B. rev.)
- labor, treatise on (Torpin), 601 (B. rev.)
- pelvis, basic analysis of, by roentgen study (Snow), 752
- problem, prematurity, physiological approach to (Reynolds), 65
- radiodiagnosis (Pizon), 608 (B. rev.)
- shock, fatal, from pulmonary emboli of amniotic fluid (Steiner et al.), 802
- use of Nisentil and its effect on fetal respiration (Hapke and Barnes), 799
- Obstetrical analgesia, newer drugs used for, comparative studies of, report on (Smith and Nagyfy), 695
- patient, penicillin therapy in (Guilbeau et al.), 101
- Obstetrics, 601 (B. revs.)
- ablation placenta, report on 80 cases of (Baens and Tancinco-Yambao), 824 (Abst.)
- abortion, progesterone in threatened, observations on use of (Guterman and Tulskey), 495
- acute leukemia and pregnancy (Bazan et al.), 1034 (Abst.)
- ambulation, early, in (de Soldenhoff), 1224 (Abst.)
- analgesia in, continuous caudal (Kelley), 1079
- and gynecology, "crush" syndrome in (Paxson and Golub), 544
- department of, organization and relationships (Mengert), 207
- in Spain, history of (Usandizaga), 608 (B. rev.)
- 1948 year book of (Greenhill), 607 (B. rev.)
- anesthesia, local, as agent for relief of pain in vaginal delivery, critical analysis of (Taylor and Jack), 275
- blood pressure and urine in pregnant women, effect of treatment with an antihistaminic drug on (Hoffman), 385
- breech presentation, attitude of fetus in (Wilcox), 478
- cesarean section, extraperitoneal, experience with, at University of Iowa Hospitals (Keettel and Randall), 510
- fetal mortality and morbidity in (Pedvis et al.), 1220 (Abst.)
- operation, trends in use of (D'Esopo), 1120
- ten-year study of, in Rochester and Monroe County, 1937-1946 (Quigley), 41
- decidual reaction of cervix during pregnancy, observations on (Bausch et al.), 777
- delivery, vaginal, spinal analgesia for, prevention of headache after, by use of hydration and a 24 gauge needle (Greene et al.), 709

Obstetrics—Cont'd

- eclampsia, etiology of: water balance (Dieckmann et al.), 1014
- follow-up study of 243 cases for an average of 12 years (Bryans and Augusta), 1054
- severe, continuous spinal anesthesia in treatment of (McElrath), 1084
- elderly primipara, studies on (Vara), 1092 (Abst.)
- fetal and neonatal deaths (Potter and Adair), 609 (B. rev.)
- respiration, effect of Nisentil on (Hapke and Barnes), 799
- floating fetal head in primipara at term (Auer and Simmons), 291
- free-feeding pregnant women (King), 299
- heterospecific blood group pregnancy in hemolytic disease of newborn (Grundorfer), 574
- labor, prolonged (Bradford et al.), 1093
- ligation of umbilical cord, late (Rucker), 1117
- multiple pregnancies at Chicago Lying-in Hospital 1941-1947 (Potter and Fuller), 139
- nausea and vomiting of pregnancy, pyridoxine and suprarenal cortex combined in treatment of (Dorsey), 1073
- occiput posterior positions, fetal back in atypical, role of (Smith), 583
- operative, prophylactic local chemotherapy in (Perez and Blanchard), 822 (Abst.)
- pain in childbirth, control of (Lull and Hingson), 606 (B. rev.)
- penicillin administration to parturient women, evaluation of prophylactic (Keettel et al.), 335
- physiology, pathology, operations (Martius et al.), 603 (B. rev.)
- placenta accreta complicated by hemoperitoneum (Pettit and Mitchell), 1201
- in pregnancy treated by stilbestrol, study of (Sommers et al.), 1010
- monamine oxidase in human, identification and assay of (Luschinsky and Singher), 1033 (Abst.)
- previa, delivery of patients with, fetal mortality associated with method of (Dill et al.), 738
- expectant treatment of (Gordon and Rosenthal), 1225
- pregnancy and adnexal cysts (Haas), 283
- and tuberculosis (Schaefer), 503
- associated with hypertension and intracranial hemorrhage (Goodfriend et al.), 770
- complicated by presacral neurofibroma (De Voe et al.), 1200 (Abst.)
- influence of diethylstilbestrol on progress and outcome of, as based on comparison of treated with untreated primigravidae (Smith and Smith), 994
- normal and toxemic, effect of veratrum viride on urine volume, blood pressure and pulse rate in (Assali et al.), 90
- prolongation of, effect of diethylstilbestrol in (Karnaky), 596
- with sickle cell anemia (Fouché and Switzer), 468
- premature infants, manual for physicians (Dunham), 609 (B. rev.)
- rupture of membranes (Atkins), 565
- puerperal inversion of uterus of nutritional origin; experimental study of albino rat (Gillman et al.), 822 (Abst.)
- pulmonary mucormycosis complicating pregnancy (Lloyd et al.), 548
- Rh factor in, value and interpretation of, in Cuba (Pascual), 1072 (Abst.)
- sensitization, preventive and curative treatments for, studies on (Unger), 1186
- rupture of uterus, diagnosis and management of (Gordon and Rosenthal), 117
- serum protein, erythrocyte count, leucocyte count, hemoglobin and hematocrit in normal pregnancy, correlated study of (Hamilton and Higgins), 345

Obstetrics—Cont'd

- sickle cell anemia and pregnancy (Anderson and Busby), 75
 term pregnancy, submucous myoma in (Gaine and Keeler), 727
 transverse or oblique presentation of fetus in last ten weeks of pregnancy: causes, general nature, and treatment (Stevenson), 432
 urinary bladder during labor (Kantor et al.), 354
 vaginal smear, application of, to diagnosis of pregnancy (Bonime), 524
 varicose veins during pregnancy, saphenous phlebectomy for (Peyton and Loop), 318
 weight changes in pregnancy (Scott and Benjamin), 1119 (Abst.)
 control in pregnancy, dexedrine and (Coopersmith), 664
 x-ray visualization of placenta (Stevenson), 15
 Occiput posterior positions, fetal back in atypical, role of (Smith), 583
 Operative obstetrics, prophylactic local chemotherapy in (Perez and Blanchard), 822 (Abst.)
 Ova, abortive, recovered from fertile women prior to first missed menstrual period, a series of potentially (Hertig and Rock), 968
 Ovarian cancer, surgical treatment of, end results (Diddle), 790
 carcinoma, review of 200 primary and 51 secondary cases (Munnell and Taylor), 943
 cycle, experimental alteration of, by estrogen (Brown et al.), 1223 (Abst.)
 neoplasms in children (Schaefer and Veprovsky), 718
 Ovaries and Fallopian tubes, actinomycosis of (Paalman et al.), 419
 cystic and sclerotic, preservation of function in (Jacobson), 821 (Abst.)
 Ovary, adenocarcinoma of, papillary clear cell (Anderson et al.), 537
 carcinoma of (Allan and Hertig), 640
 granulosa-cell tumors, thecomas, and fibromas of, histochemical observations on (McKay et al.), 625
 mesonephroma of (Bettinger and Jacobs), 820 (Abst.)
 Ovogenesis in adult human ovary (Schwarz et al.), 54
 Ovulation, production of, in anovulatory patient (Bushnell), 196 (Abst.)
 time in women, hyperemia method for determining, validity of (Levin et al.), 795
 Ovum, parthenogenetic development of, as observed by vital staining (Strassmann), 237

P

- Pain in childbirth, control of (Lull and Hingson), 606 (B. rev.)
 Panhysterectomy, radical, and radical pelvic lymphadenectomy (Thomas et al.), 194 (Abst.)
 Parametritis, chronic, clinical significance of (Fluhmann), 820 (Abst.)
 Parthenogenetic development of ovum as observed by vital staining (Strassmann), 237
 Parturient women, penicillin administration of, evaluation of prophylactic (Keettel et al.), 335
 Pathology, archives of, 621 (B. rev.)
 developmental: a new field in medicine (Gruenwald), 1
 Pediatric education, child health services and, 610 (B. rev.)
 Pediatrics, 609 (B. revs.)
 Pelvic allergy (Macpherson), 1224 (Abst.)
 articulations during pregnancy, pathology of (Usandizaga), 608 (B. rev.)
 Pelvis, obstetric, basic analysis of, by roentgen study (Snow), 752
 Penicillin administration to parturient women, evaluation of prophylactic (Keettel et al.), 335

Penicillin—Cont'd

- and streptomycin aerosols, uterotubal insufflation with (Salvin), 1204 (Abst.)
 intrapelvic injection of, in refractive genital tract infections (Fernandez-Ruiz), 1065 (Abst.)
 therapy in obstetrical patient (Guilbeau et al.), 101
 Pentothal Sodium anesthesia for cesarean sections (Gustafson and Gardiner), 246
 Pessary, Gellhorn, aid to removal of (Deeds), 599
 Pharmacologic principles of medical practice (Krantz and Carr), 618 (B. rev.)
 Phenanthrene, natural products related to (Fieser and Fieser), 613 (B. rev.)
 Pituitary radiation for sterility (Hofbauer), 1037 (Cor.)
 Placenta, 824 (Absts.)
 accreta complicated by hemoperitoneum (Pettit and Mitchell), 1201
 in pregnancy treated by stilbestrol, study of (Sommers et al.), 1010
 monamine oxidase in human, identification and assay of (Luschinsky and Singher), 1033 (Abst.)
 previa, delivery of patients with, fetal mortality associated with method of (Dill et al.), 738
 diagnosis of, experiences with soft-tissue and cystographic techniques in (Stevenson), 15
 expectant treatment of (Gordon and Rosenthal), 1225 (Abst.)
 x-ray visualization of (Stevenson), 15
 Placental tissue, surviving, studies on (Chesley and McFaul), 159
 Population screening for uterine carcinoma, vaginal smear in (Kraushaar et al.), 447
 Postoperative urinary retention, furfuryl trimethyl ammonium iodide (FTAI) for (Goldberger et al.), 376
 Postpartal and postabortal sepsis, clinical evaluation of sulfamerazine in (Robinson and Johnson), 166
 Postpartum breast, effect of synthetic estrogenic substances on (Dunlap and Diddle), 1228 (Abst.)
 eclampsia and chorionepithelioma, hydatidiform mole followed by, with recovery (Mueller and Lapp), 133
 uterus, bacterial flora of, effect of penicillin therapy on (Guilbeau et al.), 101
 Pre-eclampsia and eclampsia, severe, continuous spinal anesthesia in treatment of (McElrath et al.), 1084
 Pregnancies, multiple, at the Chicago Lying-in Hospital 1941-1947 (Potter and Fuller), 139
 Pregnancy, acute leukemia and (Bazan et al.), 1034 (Abst.)
 and adnexal cysts (Haas), 283
 and lactation, serum tocopherol during, values of (Rauramo), 191 (Abst.)
 associated with hypertension and intracranial hemorrhage (Goodfriend et al.), 770
 blood studies in normal (Hamilton and Higgins), 345
 complicated by presacral neurofibroma (De Voe et al.), 1200 (Abst.)
 complications, 199, 1034, 1225 (Absts.)
 decidual reaction of cervix during, observations on (Bausch et al.), 777
 diagnosis of, application of vaginal smear to (Bonime), 524
 diuretic effects of estrogens in last four months of (Black), 1226 (Abst.)
 eclampsia, severe, continuous spinal anesthesia in treatment of (McElrath), 1084
 extrauterine, 1221 (Absts.)
 heterospecific blood group, in hemolytic disease of newborn (Grundorfer), 574
 hyperthyroidism complicating, thiouracil in treatment of; its effect on human fetal thyroid (Whitelaw), 199 (Abst.)

Pregnancy—Cont'd

- influence of diethylstilbestrol on progress and outcome of, as based on comparison of treated with untreated primigravidas (Smith and Smith), 994
- labor, prolonged (Bradford et al.), 1093
- nausea and vomiting induced by, or by administration of synthetic estrogens; treatment with antihistaminic compounds (Finch), 591
- pyridoxine and suprarenal cortex combined in treatment of (Dorsey), 1073
- normal and toxemic, effect of veratrum viride on urine volume, blood pressure, and pulse rate in (Assali et al.), 90
- correlated study of serum protein, erythrocyte count, leucocyte count, hemoglobin and hematocrit in (Hamilton and Higgins), 345
- quantitative studies on production, destruction, and elimination of chorionic gonadotropin in (Wilson et al.), 960
- pathological physiology of, the normal and, 602 (B. rev.)
- pelvic articulations during, pathology of (Usandizaga), 608 (B. rev.)
- physiology, 824, 1226 (Absts.)
- placenta in, treated by stilbestrol, study of (Sommers et al.), 1010
- premature rupture of membranes (Atkins), 565
- primipara, elderly, studies on (Vara), 1092 (Abst.)
- prolongation of, effect of diethylstilbestrol in (Karnaky), 596
- pulmonary mucormycosis complicating (Lloyd et al.), 548
- residual dilatation of upper urinary tract following (Norrish), 1227 (Abst.)
- Rh sensitization, preventive and curative treatments for, studies on (Unger), 1186
- Rh-immunized women, anti-A and anti-B isoagglutinin titers in (Brendemoen and Brendemoen), 1204 (Abst.)
- rubella in, as etiologic factor in stillbirth (Swan), 1032 (Abst.)
- sickle cell anemia and (Anderson and Busby), 75; (Fouché and Switzer), 468
- trait, incidence and influence in colored woman (Switzer and Heyward), 1226 (Abst.)
- submucous myoma in term (Gainey and Keeler), 727
- subsequent to radical mastectomy of breast for cancer (Steffen and Grace), 180
- term, submucous myoma in (Gainey and Keeler), 727
- test, biological, using male *Bufo marinus* (Lima), 823 (Abst.)
- two hour, based on rat ovary hyperemia (Fried), 1083 (Abst.)
- toxemia, 1225 (Absts.)
- transverse or oblique presentation of fetus in last ten weeks of: causes, general nature, and treatment (Stevenson), 432
- uterine growth during, pattern of, in monkeys, as shown in x-ray study (Gillespie et al.), 758
- vaginal smear, application of, to diagnosis of (Bonime), 524
- varicose veins during, saphenous phlebectomy for (Peyton and Loop), 318
- Wassermann and Kahn reactions during (Penttinen), 1108 (Abst.)
- weight changes in (Scott), 1119 (Abst.)
- control in, Dexedrine and (Coopersmith), 664
- with sickle cell anemia (Fouché and Switzer), 468
- Pregnant women, blood pressure and urine in, effect of treatment with an antihistaminic drug on (Hoffman), 385
- free-feeding (King), 299
- serum of, effect of hypertension on inactivation of oxytocin by (Croxatto et al.), 823 (Abst.)

- Premature infants, manual for physicians (Dunham), 609 (B. rev.)
- suckling in, practical method to encourage (Rouques), 1053 (Abst.)
- rupture of membranes (Atkins), 565
- Prematurity, perspectives in, physiological approaches to, obstetric problem (Reynolds), 65
- Presentation, breech, attitude of fetus in (Wilcox), 478
- Presentations, transverse and oblique, new contribution to study of (Beruti), 195 (Abst.)
- of fetus in last ten weeks of pregnancy: causes, general nature, and treatment (Stevenson), 432
- President's address, American Gynecological Society, 72nd annual meeting, May 16, 1949 (Emge), 833
- Primipara, elderly, studies on (Vara), 1092 (Abst.)
- floating fetal head in, at term (Auer and Simmons), 291
- Procidentia, vaginal hysterectomy for, new method of dovetail approximation of ligaments in (Stuckert and Herron), 392
- Professional responsibility, education for, 621 (B. rev.)
- Progesterone in threatened abortion, observations on use of (Guterman and Tulsky), 495
- Prolapse of uterus, increased incidence of, as probable effect of war (Bayan), 821 (Abst.)
- vaginal operation for (Shaw), 1220 (Abst.)
- Prophylactic penicillin administration to parturient women, evaluation of (Keettel et al.), 335
- Pruritus vulvae, fatty acid therapy of (Davids and Kurtin), 397
- Puerperal inversion of uterus of nutritional origin; experimental study in albino rat (Gillman et al.), 822
- Puerperium, 1227 (Absts.)
- Pulmonary mucormycosis complicating pregnancy (Lloyd et al.), 548
- Pyometra, clinical and pathological study (DeVoe and Randall), 784
- Pyridoxine and suprarenal cortex combined in treatment of nausea and vomiting of pregnancy (Dorsey), 1073

R

- Radiation, 199 (Absts.)
- Radiodiagnosis, obstetrical (Pizon), 608 (B. rev.)
- Radiopaque substances used in hysterosalpingography, absorption of (Brown et al.), 1041
- Radiotherapy of parametria in cancer of cervix, new simplified radium applicator for intensifying (Kahanpaa), 200 (Abst.)
- Reproductive period, twilight, childbearing in (Davis and Seski), 824 (Abst.)
- Rh factor in American Negro (Santos and Stepto), 579
- in obstetrics in Cuba, value and interpretation of (Pascual), 1072 (Abst.)
- sensitization (Diamond), 1229 (Cor.)
- hemolytic disease due to, maternal jaundice in association with (O'Hanlon and Stewart), 199 (Abst.)
- preventive and curative treatments for, studies on (Unger), 1186
- Rh-immunized pregnant women, anti-A and anti-B isoagglutinin titers in (Brendemoen and Brendemoen), 1204 (Abst.)
- Roentgen study of obstetric pelvis (Snow), 752
- Roster of American obstetrical and gynecological societies, 204, 830
- Rupture of membranes, premature (Atkins), 565
- of uterus, diagnosis and management of (Gordon and Rosenthal), 117

S

- Saddle block anesthesia (Schmitz et al.), 30
- Sarcoma of Fallopian tube, clinical case report (Cabrera and Guzman), 190 (Abst.)
- Semen analysis in sterile marriage (Robertson), 1035 (Abst.)
- Serum protein, erythrocyte count, leucocyte count, hemoglobin, and hematocrit, correlated study of, in normal pregnancy (Hamilton and Higgins), 345
- Sex and you (Clark), 620 (B. rev.)
- Shock and allied forms of failure of circulation (Davis), 615 (B. rev.)
- Sickle cell anemia and pregnancy (Anderson), 75
trait, incidence and influence in pregnant colored woman (Switzer and Fouché), 1226 (Abst.)
- South Atlantic Association of Obstetricians and Gynecologists, transactions of 11th annual meeting, February 10-12, 1949, 1040
- Spinal analgesia for vaginal delivery, prevention of headache after, by use of hydration and a 24 gauge needle (Greene et al.), 709
anesthesia, continuous, in treatment of severe pre-eclampsia and eclampsia (McElrath et al.), 1034
- Sterility, anovulatory menstruation in etiology of (Uriegas and Guerrero), 195 (Abst.)
bilateral ovarian wedge resection in 47 cases, results of (Stein et al.), 267
extragenital pelvic pathology in (Murray), 200 (Abst.)
fertility, contraceptives, 200, 1034 (Absts.)
functional, and secondary amenorrhea, hormonal and radiation therapy in, evaluation of (Finkler), 559
hyaluronidase in treatment of human (Crip and Tafel), 188
pituitary radiation for (Hofbauer), 1037 (Cor.)
studies in private practice (King and Her-ring), 258
surgical treatment of (Rutherford et al.), 673
tubal factor in, surgical management of (Weinstein), 1034 (Abst.)
- Sterilization, tubal, through the vagina (Boysen and McRae), 488
- Stillbestrol, effect of, on hematopoietic system in the human subject (Karnaky), 404
placenta in pregnancy treated by, study of (Sommers et al.), 1010
vomiting, control of (Patton), 595
- Stillbirth, rubella in pregnancy as etiologic factor in (Swan), 1032
- Stirrup attachment for operating tables, suggestion for improvement (Waddell), 818
- Streptomycin-resistant bacteria, neomycin, a new antibiotic active against (Waksman and Lechevalier), 1224 (Abst.)
- Stress incontinence, etiology of (Muellner), 1221 (Abst.)
female bladder and urethra before and after correction for (Marchetti), 1145
vaginal operation for (Shaw), 1220 (Abst.)
- Sulfamerazine in postpartal and postabortal sepsis, clinical evaluation of (Robinson and Johnson), 166
- Sulfonamide cream, effect of, on bacterial flora of infected vagina and cervix (Blinick et al.), 176
- Surgery, gynecologic, illustration of conservative (San Martin), 822 (Abst.)
- Surgical infections, clinical aspects and treatment of (Meleney), 614 (B. rev.)
techniques by vaginal route (Weber), 600 (B. rev.)
treatment of sterility (Rutherford et al.), 673
- Sweat gland tumors of the vulva (Danforth), 326

T

- Temperature changes, physiologic basal, cause of, in women (Davis and Fugo), 1222 (Abst.)
- Thecomas, fibromas, and granulosa-cell tumors of ovary, histochemical observations on (McKay et al.), 625
- Therapy, current (1949), latest improved methods for practicing physician (Conn et al.), 617 (B. rev.)
- Transverse and oblique presentations, new contribution to study of (Beruti et al.), 195 (Abst.)
of fetus in last ten weeks of pregnancy: causes, general nature, and treatment (Stevenson), 432
- Trichomonas vaginitis, treatment of (Chavarria), 202 (Abst.)
- Tubal endometriosis, endosalpingosis (Gori), 192 (Abst.)
factor in sterility, surgical management of (Weinstein), 1034 (Abst.)
insufflation, 201 (Absts.)
self-retaining trigger cannula and traction tenaculum for modern (Kahn), 810
insufflator, new, with automatic volume and pressure control (Glassman and Beck), 815
sterilization through the vagina (Boysen and McRae), 488
- Tuberculosis and twinning (Portes et al.), 197 (Abst.)
pregnancy and (Schaefer), 503
- Tumors, extragenital pelvic, in women (Lovely and Dockerty), 215
granulosa-cell, thecomas, and fibromas of ovary, histochemical observations on (McKay et al.), 625
sweat gland, of vulva (Danforth), 326
- Twinning, tuberculosis and (Portes et al.), 197 (Abst.)

U

- Umbilical cord, late ligation of (Rucker), 1117
stump, removal of (McCormick), 1036 (Cor.)
- Urinary bladder during labor (Kantor et al.), 354
retention, postoperative, furfuryl trimethyl ammonium iodide (FTAI) for (Goldberger et al.), 376
- Uterine carcinoma, vaginal smear in population screening for (Kraushaar et al.), 447
cervix, carcinoma in situ of (Piper), 587
culture technique (Guilbeau and Schaub), 407
fibroids and fundal carcinoma (Vergara), 190 (Abst.)
fundus carcinoma, occurrence of, after prolonged estrogen therapy (Vass), 748
growth during pregnancy in monkeys, pattern of, as shown in x-ray study (Gillespie et al.), 758
muscle physiology from laboratory to bedside, a treacherous crossing (Bickers and Woods), 1099
myomas, histogenesis of (Schwarz and Wissner), 1133
- Uteroscopy, self-retaining trigger cannula and traction tenaculum for (Kahn), 810
- Uterotubal insufflation with penicillin and streptomycin aerosols (Salvin), 1204 (Abst.)
- Uterus, cancer of, control of (MacFarlane et al.), 1219 (Abst.)
carcinoma of body of, and of cervix, lymphatic spread of (Henriksen), 924
diffuse adenosis, a rare invasive lesion of (Heidhardt and Downs), 703
fibromyomas of, conservative operations for (Ahltorp), 193 (Abst.)
postpartum, bacterial flora of, effect of penicillin therapy on (Guilbeau et al.), 101
prolapse of, increased incidence of, as probable effect of war (Bayan), 821 (Abst.)
vaginal operation for (Shaw), 1220 (Abst.)

Uterus—Cont'd

- puerperal inversion of, of nutritional origin; experimental study in albino rat (Gillman et al.), 822 (Abst.)
- rupture of, diagnosis and management of (Gordon and Rosenthal), 117

V

- Vagina and cervix, bacterial flora of infected, effect of sulfonamide cream on (Blinick et al.), 170
- tubal sterilization through (Boysen and McRae), 488
- Vaginal cytology of postmenopausal women (Kernodle and Cuyler), 822 (Abst.)
- delivery, pain in, local anesthesia as an agent for relief of, a critical analysis of (Taylor and Jack), 275
- spinal analgesia for, prevention of headache after, by use of hydration and a 24 gauge needle (Greene et al.), 709
- hysterectomy for procidentia, new method of dovetail approximation of ligaments in (Stuckert and Heron), 392
- infections, 201 (Absts.)
- mycosis, specific treatment of (Hesseltine and Beckette), 553
- operations for cystocele, prolapse of uterus, and stress incontinence (Shaw), 1220 (Abst.)
- smear, application of, to diagnosis of pregnancy (Bonime), 524
- in population screening for uterine carcinoma (Kraushaar et al.), 447
- "precancer" cell studies, modified technique (Ayre), 1205
- value of (Graham and Meigs), 843
- surgical techniques (Weber), 600 (B. rev.)
- trichomoniasis, some considerations on (Ferrer), 202 (Abst.)
- Varicose veins during pregnancy, saphenous phlebectomy for (Peyton and Loop), 318
- Vena cava and ovarian vessels, ligation of (Collins et al.), 1155
- Venereal diseases, Wassermann and Kahn reactions during pregnancy (Penttinen), 1108 (Abst.)
- Veratrum viride, effect of, on urine volume, blood pressure, and pulse rate in normal and toxemic pregnancy (Assali et al.), 90
- Vesicovaginal fistula of tubercular origin (Borjas and Rodriguez-Diaz), 820 (Abst.)
- Vitamin E in menopausal syndrome, use of (Ferguson), 823 (Abst.)
- level of, in blood serum and milk (Rau-ramo), 191 (Abst.)
- Vomiting, stilbestrol, control of (Patton), 595
- Vulva, acute ulcers of (Bassan and Borches), 820 (Abst.)
- giant myxoma of (Bianco), 821 (Abst.)
- myiasis of (da Silva Pereira), 201 (Abst.)
- sweat gland tumors of (Danforth), 326

W

- Water balance in etiology of eclampsia (Dieckmann et al.), 1014
- Weight changes in pregnancy (Scott and Benjamin), 1119 (Abst.)
- control in pregnancy, Dexedrine and (Coopersmith), 664
- Withdrawal bleeding following hexestrol and pregnenolone orally (Harding), 806

X

- X-ray visualization of placenta (Stevenson), 15
